OSA-0953-67

25X1A9a

MEMORANDUM FOR: Chief, OSA Operations, [REDACTED]

SUBJECT : Proposed Schedule for Aeromedical Processing on [REDACTED]

25X1X7

1. Subject pilots are scheduled to arrive Edwards 28 April 1967 with no immediate local requirements other than unloading gear and resting up from trip for 24 hours. In order to expedite the subsequent aeromedical processing procedures the following schedule has been temporarily established:

30 April 1967 - Travel to Brooks AFB to report in VOQ not later than 1800.

1-5 <sup>Mon</sup> April 1967 - Aeromedical evaluation by Department of Flight Medicine undergoing only those tests and examinations specified by OSA Aeromedical Consultant.

6-7 <sup>Mon</sup> April 1967 - Travel to Washington, D.C.

8-10 <sup>Mon</sup> April 1967 - Psychiatric and psychologic interviews in Washington, D.C. ([REDACTED])

25X1A5a2

10 <sup>Mon</sup> April 1967 (p.m.) - Travel to Worcester, Mass., [REDACTED]

25X1A5a2

25X1A5a2

11-12 May 1967 - Pressure suit fitting and indoctrination, [REDACTED]

25X1A5a2

13 May 1967 - Return to home base.

2. In drawing up the above schedule the assumption has been made that if the subject pilots require an up-grading of their [REDACTED] after the aeromedical processing has been completed. A medical disqualification would seem to eliminate the requirement for both the pressure suit indoctrination [REDACTED]
